Honeychem Pharma

SCIENCE | PEOPLE | PURPOSE

A Trusted Pharmaceutical Technology Partner

End-to-end chemistry, analytical and supply solutions for APIs, advanced intermediates, impurities and reference standards — enabling faster, safer and cost-effective development to commercial supply.

Advancing Chemistry for a Healthier Tomorrow.

2018 Established | **16** Fume Hoods | **~5,000 sq. ft.** Facility | Scientific Team | **200+** Clients | Exports to Multiple Countries | Quality, Reliability & Scientific Expertise

Honeychem NovaSyn™ | Pharma

CDMO | CRO | DEVELOPMENT | SUPPLY

- CDMO & CRO Services
- Discovery & Process Development
- Validation & Commercialization
- Flow Chemistry Projects
- Flow Chemistry Guidance & Training
- Peptide Synthesis & Related Impurities
- Consultations in Quality Management & Regulatory Management
- Commercial Supply
